Celebration To Be Greatest

NORTH SAN JUAN PARADE AND CARNIVAL REVIEWED: A SUCCESS

NORTH SAN JUAN: At a meeting last Thursday night, at the Francis Hotel in Camptonville, members of the North San Juan, Camptonville, and Vicinity Chamber of Commerce expressed themselves as delighted with the success of the gala Cherry Carnival of June 18 and 19.

The parade, according to genial postmaster Kern Fogarty of North San Juan, was the best ever seen in the annals of the Ridge. Financially, the celebration was a whopping success. The Chamber of Commerce is now equipped with a nest egg with which to improve and publicize the Ridge and thus increase its prosperity.

Plans for a celebration in the near future are already developing in the embryo stage.

The parade was briefly reviewed at the Thursday meeting. Much credit was given to Benjamin Slankard, who conceived the theme of "March of Time". Sheriff Richard Hoskins led the parade, followed by his posse, mounted, and theRedmen of Nevada City.

Neil Ennis, dressed in coonskin cap, with long rifle, traps, and hounds, depicted the era before the gold rush. The Walker family rode on an emigrant-type covered wagon. The Gates family, with the women in crinolines and sunbonnets, rode on a Granholm buckboard.

A monitor from French Corral was a silent monument to a once-roaring industry. Junior entrants vigorously pushed a wheelbarrow, bearing the legend, "We struck it rich in North San Juan".

A beautiful float was that bearing Queen Patricia Kessler and her court, escorted by John Green and Guy Robinson. The Gold Trail Riders and the Sheriff's Posse-ette, made a fine appearance on spirited mounts.

The social development of the gold country was depicted by a school room with pupils of several nationalities at their desk: a Parent Teachers Association float.

Other fascinating floats included: Lew Wood, North San Juan, groceries and liquor store, Red and White Store, 49er Bar, The San Juan gambler, 1848. Huckelberry Finn and Tom Sawyer. San Juan Hose Cart No. 2, San Juan Farm Center Chuck Wagon, Native Daughters Parlor No. 70, Marine Corps, Grass Valley, One Horse Float Wagon by Fred Butts, Indian War Dance by the Nevada City Redmen., and many other floats of great interest.

Results of the queen contest were as follows: Patricia Kessler, winner, $65.00, Runner-up, Winnell Leal, North Columbia, $35.00, other contestants $15.00, each, Kathleen McQuinn, North San Juan, Dorris Turner, Oak Valley, Wilma Clemens, Alleghany, Jennie Ennis, North San Juan, Vera McAlister, Downieville.

The high school band rendered excellent music for three nights of dancing in Twamley Hall.

THINKING OUT LOUD

By H. M. L., SR.

For one reason or another the streets are cleaner than they used to be. H. F. Sofge, new city councilman, we suspect, is responsible for it. Broad street is swept up every day and washed once a week. We noted a man sweeping up Spring yesterday, and of course Commercial, Pine, Main and Union alley get their face washed once in a while.

* * *

We don't know much this cleanliness is costing the taxpayers, but probably nothing worth mentioning. If it is costing something, it is certainly worth it. With the gold country becoming the cynosure of all eyes in the U. S. it is pleasant to note that since Marshall discovered gold in the Coloma mill race, these diggings have cleaned up a little.

* * *

Moreover the city council is getting figures on regular trash boxes into which those who saunter up and down Broad Street, can put their leavings instead of tossing them onto the sidewalk. The small boy who decides he has done a day's work on his all-day sucker, can deposit it in one of these boxes instead of throwing it into the street. Not that he will for quite a while. Children are conservative, as anyone may observe, but the opportunity will be there and his elders of course will take full advantage of a place to put things which they no longer use. such as cigarette butts, paper containers, and what not. Children in time will follow the example of their elders.

* * *

But this is really only a beginning. We are assured that every dog has its day, and that the days of most of our dogs are numbered. The city council has not said what they will do with the excess dog population, but surely after washing down the streets and sweeping them daily they do intend to put strictures on canines that are a source of much filth.

* * *

We believe there is an ordinance respecting dogs in this town, prescribing license fees for male and female, etc, but lately it has been observed in the breach. Some "be kind to animals" society, has a law on the statute books which prescribed the kind of pound the dog which goes into temporary seclusion must have. Running water. wire net enclosure, a tight roof, all and for we know, beauty rest mattresses on which to sleep. Just at present the dog license ordinance is not being enforced, the new fangled pound prescribed by the state legislature would cost too much, and what with improvements going into the park, the city council thinks it can't build a proper dog coop.

* * *

This idea of allowing dogs to breed ad lib with no responsibility for the results, is a bit thick. So far as prompt shooting of the thieves and being unkind to animals is concerned, it is just plain cruelty to keep a dog on garbage can rations. And, no matter how hard the pootch works to upset the garbage can, he never knows when he finally opens it, whether there will be any food or not. What with the high cost of living and all, as likely as not, he will find nothing edible.

* * *

We hope the city council will wrestle with this problem until they get it licked. This town can never be quite clean so long as we have so large a population of filthy dogs in the streets.

PLASTER SPOILS COURT DIGNITY

NEVADA CITY, MARCH 27, 1861—The dignity of the District Court was somewhat ruffled yesterday by a patch of plaster about about four feet square detaching itself from the ceiling and coming down like an avalanche on the heads of lawyers and jurymen, demolishing the stove pipe and causing a general stampede. If not attended to, that court house will kill somebody yet.

GOLD DIGGER'S TRAIL

Charles Scott Haley

OLD GRASS VALLEY

A hot June afternoon in 1905. The little train, puffing prodigiously, had left the Colfax depot, wound round under the big Southern Pacific trestle, and came out on what was then one of the highest viaducts in the world, spanning Bear River. About five in the afternoon, we stopped at Chicago Park, where was the only green area I had seen on the entire trip since leaving Berkeley. It looked good to me, and for a moment, I wondered whether I had arrived in Grass Valley.

I had left Berkeley that morning, after returning from summer surveying camp at Santa Cruz, in response to a telegram from Brick Walker, telling me that he had rustled a job for me. I knew it was authoritative, because at that time Brick's father was underground superintendent for the North Star and Central shafts. Also, I needed the job, because when I arrived in Grass Valley, I had just ten cents in my pocket.

Arriving at the old depot in Grass Valley, Brick was there to meet me. He took me down to the old Fillmore Hotel, at the corner of Auburn and Main Streets—a filling station now occupies the site. There

CELEBRATION HELD HERE 87 YEARS AGO

NEVADA CTY, JULY 4, 1861: In our little city of Nevada it is intended that the sun of this glorious day shall not hide his face because we have proved ourselves unworthy of our ancestors of 1776. With us it will be a great day and one to be remembered. The cannon will salute the dawn with its thunder. For every star in the Banner of the Union there will be a gun. and a hundred guns will be fired at intervals through the day. Order of the procession will be:

1 Grand Marshal and Aides.
2 Nevada Brass Band.
3 Orator of the day with committee of arrangements, in carriages.
4 Nevada, Grass Valley and Timbucto Fire Departments.
5 Knights Templars, on horseback.
6 Masonic Order.
7 Odd Fellows.
8 Sons of Temperance.
9 Grass Valley Brass Band.
10 Union Club of Nevada.
11 Citizens in carriages, on horseback and on foot.

The procession will form at ten o'clock under the direction of Isaac Williamson, Grand Marshall, A. H. Hagedon and Jerome B. Moore, Marshal's Aides. The line of march will be through the principal streets of the city, halting at the corner of Broad and Pine streets where the following exercises will take place:

1 Music by the band.
2 Prayer by the chaplain of the day.
3 National Airs by the Glee Club.
4 Reading of the Declaration of Independence by Thomas P. Hawley, Esq.
5 Music by the band.
6 Oration by Rev. B. Brierly.

After the above exercises a free dinner will be given on lower Main Street.

Lucille Fisk Heads Legion Auxiliary

GRASS VALLEY: The American Legion Auxiliary election held Wednesday night in the Veterans Memorial building resulted in the choice of Lucille Fisk as president.

Other officers chosen were Veryl Painter, first vice president; Jesse Painter, second vice president; June Brown, secretary; Eleanor Mulch, treasurer; Mildred Nankervis, chaplain; Virginia Kerr, historian; June Hesla, sergeant at arms; Vivian Keeler. marshal; and Irene Eldridge, musician.

The new officers will be installed tomorrow night. Alice Henwood, past district president, will be in charge of the installation.

34-STAR FLAG UNFURLED HERE

NEVADA CITY, JULY 1, 1861—There can not be a handsomer flag in the state than that which floats over the new house of Nevada Hose Company No. 1 and wihch the patriotic and gallant firemen of that company gave to the breeze last Saturday. It is eighteen feet long and twelve wide, the exact legitimate proportions. The colors in the union and strikes are dazzling, vivid, being attached to some variety of drapery much finer and more brilliant than bunting. The arrangement of the thirty four stars in the union is novel but patriotically and metophonically significant. The constellation is in the form of a pyramid resting on a broad base indicative of firmness and durability and expressive of defiance against all efforts to overthrow it. The construction of the entire flag is the work of Mrs. William Jeffrey of Boulder Street and does her infinite credit. It waves from a staff ninety feet high.

OVER 60 FLOATS, GALAXY OF SPLENDID ENTERTAINMENT

NEVADA CITY: A concerted effort by all the civic-minded men and women of Nevada City, ably led by a group of committees of the Chamber of Commerce, and headed by J. Paul Bergemann, chamber president, has produced a three-day bonanza program for July 3rd, 4th and 5th that promises to bring back to our town all the old color and glory associated for decades with local patriotic celebrations.

First event in the heavily studded pattern of fun and pageantry is to be at 2 P. M. Saturday, when Cecil Holmes and his committee organizes games and contests for kids in front of the Union Hotel. These will last until 6 P. M. when a greased pig catching contest and a greased pole-climbing contest will take place under the direction of the Lions' Club in the Forest Service lot on Broad Street.

At 7 P. M., newly-elected Mayor Arthur Innis will crown the Queen of the Fourth at the National Hotel. Franc Luschen will direct the orchestral accompaniment for this climactic event. The queen contest is based on the sale of tickets, the proceeds from which are used to finance the Fourth. Reportedly in the lead are contestants Annabelle Roberts sponsored by the American Federation of Labor and Diane Crase sponsored by the Elks.

The Imperial School of the Dance will give a recital at 8 P. M., directed by Viola LaVerne Aronson. At 9 P. M., there will be folk dances by the Nuggeteers under the direction of Grace Raymond. Also at the National Hotel will be rendered a selection of songs by the Town Talk singers.

At 10 P. M. Mrs. Genevieve Short, director of the Starlet School of the Theater will produce a floor show in front of the National Hotel.

A public street dance, with music by Don Daniels and his orchestra, will take place on Broad Street between Pine Street and Union Alley, following the foregoing programs.

SUNDAY

Sunday morning will be devoted to church memorial services. In the afternoon at 2:30 P. M., in Pioneers Park, the Nevada City Merchants Nine will battle the Brown Bombers. From 5 to 6 P. M. there will be a swimming and diving exhibition at the city pool in Pioneers Park.

At 7:00, there will be a dancing show at the pool in Pioneers Park, again by the Imperial School of the Dance. At 8:15 P. M. will occur the Grand Aquacade, specially produced for the Fourth of July celebration, by Verle Gray, well-known swimming instructor. There will be a performance in conjunction with the aquacade of cleverly designed numbers by the dancing troupe of the Starlet School of the Theater. Mrs. Short will direct, and Mrs. Dorothy Kitts of the Town Talk Singers, will play the accompaniment. A Fashion Show will present glamorous new swim suits from Ralston's Dress Shop, Nevada City.

At 10:00 P. M., there will be presented Nuggeteer Folk Dances, to be followed at 11:00 P. M. with a public old-fashioned hoe-down dance at Seaman's Lodge in Pioneers Park. Don Daniels orchestra will play.

MONDAY

Harold George's band will give a spirited concert, ending the pre-parade period old-time snap and gayiety, and the numerous floats and echelons of marchers and horsemen form, amid an atmosphere of curious expectancy at the top of Broad Street.

The concert starts at 9:30 A. M., and the grand parade starts at 10 A. M., led by Sheriff Dick Hoskins, monuted on a beautiful white horse. Herbert S. Foreman if parade chairman.

The parade will be composed of three major sections: The first is the Nevada City group; the second, Grass Valley; and the third, couty organizations and mounted outfits.

In the first section, following the grand marshall, will be Harold George's band, the Veterans of Foreign Wars, the National Guard, and the giant California Centennial Commission float, followed by all the Nevada City floats.

In the second section will parade various well-known Grass Valley organizations, followed by the Grass Valley division of floats.

(For a more complete list of the organizations and the approximately 60 floats to participate, see end of this story).

The parade, as usual, will form at the intersection of West and East Broad streets. The line of

LEAGUE STUDIES MINE OFFER

GRASS VALLEY: The Mine Workers Protective League committee in charge of negotiations with mine operators for a new contract report that the league has asked for a substantial wage increase and improvements in working conditions in some of the mines.

The committee is now studying a reply by the mine operators to the league's demands. League spokesmen report that negotiations are proceeding with the operators in round table discussions in a very peaceful atmosphere. The committee members refused to make public their demands or to reveal the counter proposals made by the mine owners and managers. Crofford Bridges has been retained as the league's attorney.

The league is the bargaining agency for the Idaho Maryland, the Spring Hill and the Empire Star Mines.

OKLAHOMA COMES TO SACTO. SOON

SACRAMENTO: Fourteen musical numbers—overture, solos, duets, ensembles, dances, ballets, and all that goes with them, make up the perfect musical lay that is "Oklahoma!", the famous Richard Rodgers-Oscar Hammerstein show which will come to Sacramento's Memorial auditorium July 12 to 17. Northern Californians will see six evening performances and a Wednesday and Saturday matinee.

With the action of the musical set in Claremore, Oklahoma in 1901, the story tells of the romance of Laurey, the heroine and Curly, the cowboy hero. The scenes, painted in bright colors in the "Grant Wood style," give hints of vast space of prairie and tree.

"Oklahoma!" is one of the most elaborate productions that has ever been on tour.

Reservations for Oklahoma! are being made now at the Ware-Hazelton box office, Weinstock-Lubin's. Ticket orders should be accompanied by a check, and self-addressed stamped envelope.

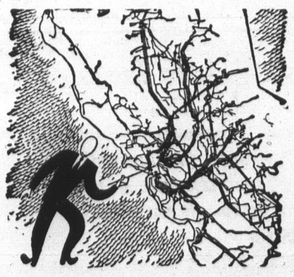
How trouble shooters take wing to guard your power supply

They take the sky-way... these modern power-patrolmen. Helicopters enable our high-line trouble shooters to find line breaks or make routine checks of transmission facilities much more efficiently than on foot or skis. For the versatile helicopter can hover near a tower for detailed inspection of insulators and equipment... land in normally inaccessible areas... or dart at 80 miles an hour along the line to spot possible breaks caused by storms or falling trees.



There are 9,000 miles of transmission lines in P.G. and E.'s network to keep helicopters busy. And they have a still bigger job ahead as we expand the system to serve Northern and Central California's growing needs.

From more than a hundred reservoirs and lakes and 74 generating plants comes the electricity to supply this vast network. More plants are on the way, joining P. G and E.'s post-war power parade costing over $400,000,000.

FOR THE RECORD
P.G&E ALREADY HAS A GENERATING CAPACITY 176% THAT OF HOOVER DAM
52% GREATER THAN GRAND COULEE AND SHASTA DAMS PUT TOGETHER
OUR CURRENT CONSTRUCTION PROGRAM WILL ADD NEARLY TWO MILLION HORSEPOWER TO THIS TOTAL
MORE THAN ⅓ OF THIS NEW POWER WILL BE SERVING YOU IN LESS THAN A YEAR ...WE'RE GOING FULL SPEED AHEAD

I was given room and board, with the understanding that I was going to work next morning. I then went up to the Clinch Mercantile Company, and was introduced to Charles Clinch, one of the kindliest men I have ever met. His name and memory are still green among generations of college kids who, like myself, were unquestioningly given credit for clothes, lunch bucket, shoes for work—anything that they had reasonable need for.

Next morning, at seven o'clock, I appeared at the Central headframe, and was assigned to work on 34 level by Dick Barry, the foreman at the Central. Another man whom I learned to like and respect as the years went by. Later by eleven years, when I was at the tungsten mine in Atolia, I saw Dick put in one of the most difficult and tricky inclined shaftes through old stopes down to 900 feet, that I have ever seen done in more than forty years of mining experience. A fine and honorable man and an excellent miner.

Up on 34 level, I was assigned to help John Vale, an old Devon man, mucking in the stope. Mike Roana was machine man in that stope. The first time Vale heard my name, he remarked; " 'Aley, eh? The toon I come from in Devon, thir was a 'Aley's band of siventeen pieces—and ivery one of 'em was a 'Aley."

I assured him that he must have come from the old family nest, whence my father's great-grandfather had emigrated in 1860, to come to Nova Scotia. After this kinship was established, we got on like a pair of pups in a basket. We started to muck on a small track

From where I sit ... *by* Joe Marsh

Pampered Farmers

If the folks in our town were less tolerant, they'd be really burned up over that nationally circulated article on "pampered farmers," describing them as living off the fat of the land.

From where I sit the farmer is anything but "pampered." If he's better off today than twenty years ago it's because he's worked hard to improve the quality and quantity of his production.

Take Bert Childers, for example. Bert is up at four in the morning, to get the milking finished—and ploughing or harvesting, depending on the season, until sundown. In the evening he finally relaxes with the missus over a moderate glass of beer.

And the farmer today's not only *temperate* in his habits, like Bert's evening glass of beer . . . but *tolerant* in his opinions. So he'll probably say of that article, "somebody got the facts wrong," and just let it go at that.

SHEER TRAVEL MAGIC

THIS is the Buick America's car buyers are buzzing about. This is the one with travel magic flowing all through it.

This is the ROADMASTER with Dynaflow Drive*—where Main Street's dense traffic, the inviting open road and the long, stretching hills are bossed with equal ease by a toe-touch.

Here you let your left foot idle comfortably wherever you wish—there's no clutch pedal to push, *ever.*

Here your mind's free completely of remembering when to shift—no gears ever shift anywhere in the car.

Here, you glide over ground and grades in swift and utter smoothness as constant and unbroken as Niagara's flow.

For here you have the only passenger car in America where liquid replaces both the usual clutch *and* the low-second-high gear sequence of conventional transmissions.

Here you sit in blissful ease while the power plant itself meets and masters the thousand and one situations that come up in travel.

Gentle grades, steep hills, long straightaways, stop streets—once your lever's set, you simply step on the gas—and take them all in liquid-smooth luxury!

Does all this sound fabulous? It is.

So fabulous that folks are signing up in droves for the '48 fashion plate with this new-wonder drive.

So to take command of this traveler-touched-with-magic, come see us quickly and get your order in.

We'll take it in sequence whether or not you have a car to trade.

What's Different About DYNAFLOW DRIVE*?

To an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new supercharging assembly (in hand) which produce a torque-boosting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

*Optional at extra cost on Roadmaster models only.

Half a million dollars a day

That's what we're putting to work in new telephone facilities for the West. Where does the money come from?

1. Making the telephone system grow takes money and lots of it...we're spending an average of half a million dollars every day for new facilities in the Pacific West. Some might think all this money comes from telephone bills...or from profits. But that's not the case in this business.

2. This lady, for example, may have furnished the money for that pole above. For we must get money to grow from investors who put their savings into the business. The bills you pay go for payroll, taxes and other operating costs—and for small "wages" for the money of investors.

3. Somebody must put up a lot more money for each new telephone we add today than was necessary before the war. Costs have gone up for us as they have for you. As we put in more and more new telephones, the expensive new portion becomes a larger part of the whole system.

4. Getting telephones to people who are waiting is our big job. And we can attract new working dollars and keep up the installation pace only if we sell our services at adequate prices. These prices must cover operating costs and leave a moderate profit, too...the profit that pays our investors for the use of their savings.

dolly running to the chute, and being a husky farm boy myself, I was just getting warmed up to my work when John sat down and remarked " 'Ere, 'ere, son. We'm better taper off a bit." And we sat for half an hour while Vale smoked a long pipe of baccy. To me, who was unaccustomed to taking it easy while working, and with the thought of the princely wage of two dollars and a quarter that we were getting for only ten hours work, it gave an uneasy feeling of guilt, but this very soon wore off, and I learned to "taper" with the rest of them.

That afternoon, Errol MacBoyle, who was surveying at the Central, came in to catch up his stope progress with a Brunton. He commandeered me to help him, so I had a still easier job for the rest of the day.

TRUCK DRIVER LEAPS, ESCAPES WITH HIS LIFE

GRASS VALLEY: Enos Waddell, lumber truck driver of North Sacramento, jumped from his seat Friday afternoon, just in time to save himself from going over the bank with his load of lumber.

Waddell stated that the air brakes failed as he was descending a grade. This was confirmed by California highway patrolmen who investigated the accident on the Colfax road ten miles east of this city.

BATES' HONORED AT POTLUCK SUPPER

NEVADA CITY: Mr. and Mrs. Albert S. Bates were surprised guests of honor at a potluck supper in Pioneers Park, Wednesday evening, June 2rd .

Bates, who recently resigned as member of the city council and as mayor, having been transferred by the Pacific Gas and Electric Comany to Lincoln, Placer County, was formerly fire chief of Nevada City. He and his wife were the guests of the Volunteer Fire Department. the department auxiliary. He was presented with a brief case, with his name stamped upon it in gold leaf. Mrs. Bates, active member of the auxiliary, was given a necklace and earrings by her fellow members.

Speakers included, George Calahan, city clerk, Dr. C. W. Chapman, Charles W. Veale, Fire Chief Ernest Young and Elza Kilroy, past chief.

CHRISTIAN SCIENCE CHURCH

The Christian Science Society of Nevada City holds services every Sunday in their church at 114 Boulder St. at 11 o'clock.

Sunday School at 9:45 A. M. Wednesday evening testimonial meetings are held on the first and third Wednesday of each month at 8 o'clock.

Our Reading Room is in the church foyer. It is open Mondays, Wednesdays and Fridays, holidays excepted from 2 to 4 P. M. The public is cordially invited to attend our services and visit our Reading Room.

"God" is the subject of the Lesson-Sermon in all Christian Science churches for Sunday, July 4. The Golden Text is taken from Exodus: "I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage. Thou shalt have no other gods before me" (20:2, 3).

The following citations are included in the sermon:

John: "Then said Jesus to those Jews which believed on him, If ye continue in my word. then are ye my disciples indeed; And ye shall know the truth, and the truth shall make you free" (8:31, 32).

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Man is tributary to God, Spirit, and to nothing else. God's being is infinity, freedom, harmony, and boundless bliss. . . . Like the archpriests of yore, man is free 'to enter into the holiest,' — the realm of God" (p. 481).

HIGHWAY PATROL CADETS ON CYCLE TOUR THROUGH HERE

GRASS VALLEY: Ninety five cadets from California Highway Patrol Academy of McClelland field roared through Grass Valley Saturday morning on one of their routine training trips. They paused briefly in Memorial Park to rest and to refuel and then continued on to Marysville.

Among the cadets was Joseph Blake, Jr., son of Joseph Blake, captain of the highway patrol here.

NETTELLS LEAVE FOR ELKS CONVENTION

GRASS VALLEY: Fred E. Nettell, exalted ruler of the Grass Valley Elks Lodge. and Mrs. Nettell will leave Tuesday for the national Elks convention that opens in Philadelphia July 4th to July 8th.

They will board the Western Pacific's Elks Special in Sacramento. The trip is provided with stopovers in Salt Lake City, Denver, Chicago and Washington, D. C. When the convention closes Mr. and Mrs. Nettell will visit New York, Boston, Montreal, returning through Canada to Banff, Lake Louise, Vancouver, and home by way of Portland. Ore.

LAKE VERA NOW OCCUPIED BY GIRLS' GROUPS

NEVADA CITY: Two of the four camps at Lake Vera are now occupied. Oakland and San Francisco Campfire Girls occupy Camp Celio on the eastern side of the lake, and Sacramento Girl Scouts hace taken their annual encampment at Camp Minaluta.

Camp Gold Hollow will open the first week in July with girls from Vallejo coming in. Camp Augusta will soon be occupied by girls from Piedmont.

Their supervised activities include handicraft, woodcraft, swimming, boating, dramatics, archery, folk dancing, and trail hiking.

BRIDGEPORT GETS P. G. & E. LIGHT

GRASS VALLEY: Bridgeport on the Yuba River, site of one of the oldest covered bridges in California, is today, for the first time, using electricity for lighting and heating.

Electric lights blazed last night in the historic store and home of Mrs. Lucy Kneebone, one of the oldest buildings in the county. Seventeen ranches and homes in Pleasant Valley are provided with electricity. This is the result of the extension of one of the Pacific Gas and Electric Comany's service feeder lines.

NUGGET RECIPES

200-YEAR -OLD RECIPE

The early colonists at Williamsburg, Virginia knew the secret of using tea as the backbone of a delicious and inexpensive summer party punch. This is witnessed by the following recipe which traces its origin back to colonial times:

WILLIAMSBURG SUMMER COOLER

2 quarts strong tea
2 cups lemon juice (strained)
4 cups orange juice (strained)
2 cups sugar
1½ quarts cranberry juice (or grape juice)
2 quarts water
1 quart ginger ale

Mix tea, fruit juices, water and sugar and chill. Just before serving, add ginger ale and pour over large piece of ice in punch bowl (makes about two gallons).

Now that National Iced Tea Week is with us—July 2 to 9—we are again reminded about how inexpensive yet thoroughly refreshing tea is, whether served iced or hot. Few people realize that tea actually costs less than one cent a serving—and in these days of high-flying costs—it's just plain smart to treat the family to this one truly inexpensive delight.

HOW TO MAKE PERFECT TEA

Surveys show that women brew tea "By guess and by goodness". Yet tea experts point out there is an absolutely foolproof way to brew perfect tea every time—and here it is:

1. Use a china or glass teapot.
2. Use one teaspoonful of tea or one tea bag for each cup served.
3. Pour on fresh, bubbling, briskly boiling water.
4. Allow to stand for five minutes.

For iced tea : pour into glasses filled with ice.

You can also make iced tea by the cooling pitcherful—and achieve the self-same perfect results! Here's how:

To make eight servings in a pitcher;

1. Put eight teaspoonsful of tea, or eight tea bags, into a teapot, and pour on one pint (two glasses) of fresh boiling water.
2. Allow to stand for five minutes, stir, and strain into a serving pitcher.
3. Dilute with two pints (four full glasses) of cold tap water and let stand at room temperature until ready to serve.
4. Fill glasses with ice, and pour tea from picher over the ice.

Until 1900, members of San Francisco's Park Commission were appointed, and their acts controlled, by the State of California.

*

There were 118,988 agricultural cooperative societies, with a membership of 4,190,909, in British India and the Indian states in 1939-40.
